

# Professional Reference Form Protective Coatings Specialist Certification Program

## General Information

The candidate is applying to SSPC for the designation of SSPC Protective Coatings Specialist. Applicants must meet requirements for coatings-related training and general education and experience, and must provide Professional References. An SSPC Protective Coatings Specialist is considered to have the capability to:

- Assess the service performance of coatings systems;
- Conduct coating failure analysis;
- Develop coating specifications for new construction and/or maintenance coating;
- Develop painting specifications that address relevant safety and environmental regulations, as well as facility constraints;
- Evaluate field and shop coating work procedures;
- Select appropriate coating systems;
- Utilize results of coating failure analysis.

Please complete this form as thoroughly as possible and return it to the SSPC PCS Administrator.  
Note: Although every effort is made to keep references confidential, SSPC cannot guarantee confidentiality.

Name of PCS Candidate	
Your Name	
Title	
Company/Organization
